Experience

Full-Stack Developer, Wolters Kluwer, Pune, India

Dec 2022 - Present

- Spearheaded the development of a scalable **data migration solution** using **.NET 8**, **Angular 16**, and **Azure Cloud**, modernizing data transfer from legacy systems to cloud infrastructure.
- Built a robust **WPF-based Extractor Tool** for ETL operations, migrating structured data from on-premise **SQL Server** to **Azure SQL Database**.
- Developed and deployed RESTful **.NET Core APIs** to enable secure, high-throughput data integration across systems.
- Designed and implemented a responsive **Angular web application** with **NgRx** for state management and **RxJS** for real-time data streaming.
- Integrated **SignalR** for real-time data updates and two-way communication between distributed components.
- Achieved **30% improvement in development efficiency** and reduced manual coding errors by adopting **GitHub Copilot** and **ChatGPT** as AI pair programming tools.
- Automated the **CI/CD workflows** using **GitHub Actions**, facilitating continuous integration, testing, and delivery across dev, staging, and production environments. And reduce manual efforts by **over 80%**.
- Utilized **Docker** and **Docker Compose** to containerize services, streamlining local development and multi-environment deployment.
- Leveraged **Azure services** (App Services, Blob Storage, SQL Database, Key Vault) for secure and scalable application hosting.
- Actively participated in **Agile** development cycles, including sprint planning, backlog grooming, daily stand-ups, and peer code reviews.
- Ensured maintainable, testable, and performant code through **unit testing**, **integration testing**, and adherence to **SOLID principles**.

Personal Project

Portfolio Website [[View Project](#)]

- Angular, TypeScript, Material UI, HTML, CSS, JavaScript
- Developed a responsive personal website to showcase projects and skills, using Angular and Material UI for a modern UI and mobile-first design.

Course Management Platform [[View Code](#)]

- Java, Spring Boot, React, MySQL, JavaScript, HTML, CSS
- Created a full-stack e-learning platform enabling instructors to manage courses and schedules; implemented student enrollment, rating, and review features.

Skills

Languages

- C#, JavaScript, TypeScript, HTML5, CSS3, SQL

Frameworks & Libraries

- .NET Core, Angular, WPF, Entity Framework, RxJS, NgRx, Material UI

Cloud, DevOps & Tools

- Azure, Azure DevOps, CI/CD, GitHub Actions, Docker, Docker Compose, Git, GitHub, GitHub Copilot

Real-Time & Databases

- SignalR, WebSockets, SQL Server, Azure SQL Database

Languages

- English
- Hindi

Education

Post Graduate Diploma in Advanced Computing (PG-DAC)

- Centre for Development of Advanced Computing (CDAC), Pune - 2022

Bachelor of Engineering (B.E.) in Mechanical Engineering

- Oriental Institute of Science and Technology, Bhopal - 2019
